COMMITTEES MEET

THREE POLITICAL PARTIES CHOSE OFFICERS TODAY.

CAMPAIGNS DISCUSSED

John M. Dawson, John Sewell and W. R. Tilson Are Chairmen of the County Organizations.

The county committee of the Democratic, Republican and Progressive parties met this afternoon in Maryville for the purpose of organizing and discussing campaign plans.

The Democratic county committee met at the office of Cook, Cummins & Dawson. John M. Dawson was chosen chairman of the committee to succeed himself. Ellis G. Cook was selected as secretary to succeed W. G. Sawyers Democratic candidate for Prosecuting Attorney. John M. Murrin was re-elected treasurer. Roy Hanna, who was elected as committeeman from Atchison township, resigned and the committee elected Howard Bancroft to succeed him.

There were ten members of the committee present at the beginning of the meeting and they were John Dawson, Polk; J. F. Robb, Hopkins; J. L. Hocker, Washington; P. L. Jones, Jackson; Roy Fitzsimmons, Jefferson; W. E. Johnston, Independence; Charles Talbott, Hughes; Amos Costello, Lincoln; E. O. Gray, Union and Howard Bancroft, Atchison.

The Progressive county committee met at the office of Fred P. Robinson. J. H. Sewell was elected as chairman of that committee; Fred P. Robinson as secretary, and Joseph Jackson, Sr., as treasurer. Of the five committee-men elected, four were in attendance at the meeting. They were John Sewell, Ed Wells of Jackson township, F. H. Badger of Grant, and C. R. Leeper, proxy for Dr. Morgan of Hughes. The other members of the committee will be supplied later on.

The Republican committee which met in the county court, elected W. R. Tilson, chairman, L. C. Gann, secretary and Arch Frank, treasurer.

GOOD ROADS DAYS.

What Highway Engineer Buffum Says Are The Things That Can Be Done to Advantage.

In a letter received from Frank W. Buffum, state highway commissioner, in regard to good roads days which are today and Wednesday in Nodaway county, he says the following are the things that can be done to advantage:

Widen roads to 40 feet setting back and rebuilding fences. Don't forget shovels, wire and wire stretchers.

Cutting all hedges to five feet or less in height and if possible pulling hedge, and positively at all corners pull hedge for 150 feet back from corner. It will prevent many dangerous accidents. Don't forget hedge-knives, axes, grubbing hoes, and chains if hedges are to be pulled.

Round all road corners, by having rebuilt the fence at a square corner by having new fence set in 10 feet back from the square corner and neatly rounded. Have two large corner brace posts cut, or forms for cement posts cut (reinforced with iron rods) and ready to be set, two at each corner.

Put in culverts (please see that they are not less than 20 feet long, as a matter of public safety).

Cut hills, and in doing so, be sure you have plenty of shovels, scrapers, plows, wagons at such points.

Have every road as far as possible clear of brush, undergrowth, and undesirable trees, and if grubbed out in place of simply cut off to ground, the work will not have to be done again year after year.

That all ditches be opened up so that water will not get to run down in center of roads, especially on the hills, as this is cause of very heavy expense in the state.

Have brush trees or any obstructions removed that prevent public of having full view of railroad crossings — sometimes these obstructions are down the right-of-way some distance from crossing on private or railroad property. If on railroad property notify the company.

Remember that every day's work done means not only the building of that much road but the starting of some work which may continue all fall.

Latest War News.

The Democrat-Forum is furnishing its readers with the latest news of the war. Today it begins the use of exclusive telegraph bulletins that give the latest developments in Europe. This service comes late in the afternoon, just before the Democrat-Forum goes to press, and gives news several hours ahead of any of the city papers.

On the inside and back pages of the Democrat-Forum are to be found more detailed accounts of the day's happenings. The news contained in them is just as late as any of the news in the city papers that reach Maryville the same afternoon, but with this advantage, it is the picked news of the more important movements, and the reader does not have to give his own time to searching through column after column for the things of real interest and moment.

EISEL TO BE A CATTLE KING.

Former Maryville Man Buys Large Tract of Land in Southern Missouri.

Phil Eisel of Kansas City, a former Maryville man, is making his plans to be a cattle king some day and as a starter has bought 640 acres of land in Taney county. The land is near the "Shepherd of the Hills" country, that section in Southern Missouri made known to every reader of Harold Bell Wright's story.

Mr. Eisel has recently been down there, looking over his ranch. He is fencing it and will put in a herd of goats to clear the underbrush and give the grass a chance and will then stock it with cattle.

Another streak of luck which came the way of the Eisels, befell the eldest son, Lester, who shared in the distribution of the surplus money of the millionaire maker of Ford cars. Just before the new wage policy was announced, Lester was working for the Ford agency in Kansas City and thought he was doing well at \$65 per month. When the boost was made he was advanced to \$130.

PICK HANDLE USED IN FIGHT.

Malcolm Johnson and Dick Grooms of Guilford Have Trouble — Latter is Struck on Head.

Malcolm Johnson, of Guilford struck Dick Grooms, a fellow townsmen, on the head with a pick handle Sunday in a fight between the two and severely injured the latter.

Johnson and Grooms met at the Van Fossen livery barn Sunday morning, and, according to those present, both were still under the influence of liquor from the night before. Grooms is said to have started the quarrel, and Johnson, who is a railroad section boss, went to the section house and returned with a pick handle with which he struck Grooms over the head.

Grooms was knocked unconscious, but was able to be up and on the streets yesterday.

BUYS OUT ALBERT BINTER.

D. K. Seckington Will Remodel Restaurant and Open a Merchant's Cafe.

D. K. Seckington has bought out the restaurant business of Albert Binter and has already taken possession of the place on North Main street.

The place is now closed for the purpose of repairs, and after a complete remodeling and decorating will be opened by Mr. Seckington as the Merchants' Cafe. He expects to be able to open it in a week or ten days.

AGED NEGRESS DEAD.

Letha White, Former Slave Died Yesterday At County Farm.

Letha White, a negress about ninety years old, died yesterday at the county sanitarium. The body was interred in the county cemetery this morning. During slave days she belonged to the parents of B. F. Tarpley and Mrs. John Nunnelly and was brought here by them. Her husband and daughter died a number of years ago and since then her home was at the county farm.

DR. CULVERSON HERE.

Dr. G. A. Culverson of Greenfield, Ia., arrived in Maryville this morning summoned by the serious illness of his nephew, Charles Culverson.

FORTS HOLD OUT LIST OF TENTS

GERMANS REPULSED WITH LOSS AT SEERAING NEAR LIEGE

HOLLAND IS NEUTRAL WORK STARTS TODAY

GERMANS AND SWISS MASSED WITHIN FEW YARDS OF EACH OTHER ALONG FRENCH FRONTIER.

(By American Press)

Brussels, via London, Aug. 11.—The Germans made a desperate attack on Fort Seeraing south of Liege Sunday night, but were repulsed with a heavy loss. It is estimated that 800 Germans were killed. The Germans have made fierce efforts to silence the forts nearest the city, but the defenders are gallantly holding out against the almost constant bombardment.

London dispatches from Brussels advise that it is rumored the Germans are massing a large force along the Dutch frontier. The Dutch minister says that no matter what happens, Holland will remain neutral.

The London Daily Mail has received reports from Switzerland that the Swiss and German troops have crossed to the frontier within a few yards of each other. The Germans have built barricades across the roads. The Swiss army is massed mainly on the French frontier, and a big battle is expected within a few days.

There is little doubt but that an engagement on a scale larger than any yet witnessed is imminent in Belgium.

BUILDING NEW HOME.

A. W. Hawkins has begun the erection of a new home on his property at the corner of Ninth and Walnut streets. The new home will be a nine room, thoroughly modern residence and built at a cost of \$4,000.

Mrs. Harry Lett and children of Pickering came to Maryville Monday evening to spend a few days with Mr. and Mrs. Dick McMahon, living southwest of the city.

IT IS TIME THAT MARYVILLE BUILT ADEQUATE RESERVOIRS

It is time the people of Maryville spent some money in providing for a water supply that will last through the dry season, a season which comes every year in greater or less degree.

To keep a little money in their pockets at the risk of a water famine every year, bringing with it its danger of costly fires, unsanitary conditions and sickness is absolute foolishness.

The consensus of opinion of the city engineer, county highway engineer, members of the board of public works and many other persons is that the only thing to do is to build reservoirs that will hold at least a three months' supply of water.

Money for this purpose ought to be voted at once so that the reservoirs can be built in time to be filled in the winter and spring against next summer's dry period.

A large bond issue was spent last year in rebuilding the water plant, installing new boilers, engines and filters that were absolutely necessary to serve the needs of the city. But the source of the water supply was not bettered and the old reservoir, worn out and filled with mud so that it cannot hold as much water as it used to, is trying to meet the needs of the city that has grown four times in size.

Whatever individuals may think of the way in which that bond issue was

LAWYER FALLS DOWN STAIRS

GEORGE FLEMING HURT THIS MORNING WHEN HE PITCHED DOWN ENTIRE FLIGHT—NOT SERIOUS.

George Fleming escaped serious injury this morning when he fell headlong down the entire flight of stairs leading from his office to the street.

It is thought he caught his heel on the top step and was thrown because of that. A scalp wound was cut in the back of his head where is struck the iron step at the bottom, and Mr. Fleming was severely bruised but other than that he is not hurt and his condition is not serious.

Mr. Fleming was taken into Nasbaum's store and given first aid treatment, after which he was taken home and attended by a physician.

FORMER RESIDENT DEAD.

MRS. GEORGE FULLERTON DIES AT ST. JOSEPH THIS MORNING.

Mrs. George Fullerton, a former resident of Skidmore, died this morning at 7:30 o'clock at the home of her daughter, Mrs. Fred Howden of St. Joseph. The body will be brought to the old home place at Skidmore tomorrow for burial.

Mrs. Fullerton had been sick for about six months, her illness beginning with a stroke of paralysis at that time. She leaves four sons, Roy, Oscar, Gus and Richard, living in Missouri, a daughter, Mrs. Edith Howden of St. Joseph, and one son living in Texas.

MRS. M. A. KEY DIED TODAY

MEMBER OF WELL KNOWN FAMILY DEAD FUNERAL TOMORROW.

Mrs. Mary A. Key, a member of one of the most widely known families in the county died at 5 o'clock this morning at her home ten miles south of the city.

The funeral services will be held at 2:30 o'clock tomorrow afternoon at the Salem church south of Maryville.

Mrs. Key was 89 years old and for nearly 47 years she had made her home continuously on the same farm. She was born in Kentucky in 1844 and came to Nodaway in 1868. Mrs. Key is survived by five sons and three daughters. They are Albert E. Bell and James L. Key of this city, W. T. Key of Barnard, N. H. Key, R. L. Key, Mrs. Mary Hubberd, Mrs. Sue Williams, all living in Nodaway county and Miss Anna Key who lives at the home place.

Her husband died seven years ago this past February. Mrs. Key was one of the charter members of the Salem church, at which her funeral services will be held, helping in its organization in 1870.

DESERTS HIS FAMILY.

WALTER ELLSWORTH OF QUITMAN ARRESTED TODAY BY SHERIFF WALLACE BECAUSE HE WOULD NOT SUPPORT THEM.

Walter Ellsworth of Quitman was arrested there this morning by Sheriff Wallace for deserting his wife and children without cause.

Mr. Ellsworth is a man about 35 years old and left his family six weeks ago. He did not leave Quitman, but refused to live with and support his wife and children.

FARM HOME BURNED.

JOHN NEISLEY RESIDENCE AND CONTENTS DESTROYED BY FIRE.

The residence of John Neisley, who lives on a farm east of Burlington Junction, was burned this morning. The fire was caused by a gasoline stove explosion. The house and contents were entirely destroyed.

TO BUY NEW FALL HATS.

Misses Eathel and Sadie Woods and Miss Eva Dawson left this morning for Kansas City and St. Louis where they will visit the wholesale millinery houses and buy new goods for the Elite Millinery company.

Charles Cast of Edenton, Ohio, arrived in Maryville yesterday to visit his brother, Joseph Cast, who has been in very poor health for some time. Mr. Cast makes his home with his son-in-law, Lewis White, living south of Maryville.

FILL STAND PIPE

ENGINES PUMP FIRE RESERVE INTO IT TODAY

SANDPOINT IS ORDERED

Every Effort to Get Water is Being Made—Will Try to Flush Sewers Each Day.

"The board of public works and the officers of the water company are doing everything in their power to get every drop of water obtainable for the city, but there is so little of it that Maryville is up against a famine unless it rains," said E. L. Townsend, a member of the board, this morning.

Enough water was pumped and ditched down the river yesterday to enable the engines at the water plant to begin filling the water tower this morning. The water in the tower will be shut off and saved in case of fire, in order to furnish a gravity supply and save the two or three hours it would take to pump water from the station to town.

If enough water can be obtained today to fill the tower and the mains, any that is left over will be turned on at over the city for the purpose of flushing the sewer system.

"We will try to save enough each day to flush the sewers and avoid any unsanitary conditions that would endanger the health of the people," said Mr. Townsend. However, the supply is so limited that he could promise nothing.

"An erroneous opinion has gone out that we shut off the water Sunday night without giving any warning," he said. "The water was never shut off. It gave out suddenly and we could not pump any to the city."

In the work of getting a supply of water, the river is still being ditched, and Mr. Denny and his men are four miles up the stream pumping out the holes. The prospect for a well supply that will at least bring temporary relief is good. The wells are being sunk west of the pumping station on the Ditto property. A 6-inch sandpoint was ordered yesterday from St. Louis and as soon as it gets here it will be put into the wells in an effort to get water.

This morning the laundry was started and will continue to run as long as enough water can be hauled from wells to fill it.

MORE CORN THAN LAST YEAR.

GEORGE CLARDY PREDICTS INCREASED WINTER FEEDING IN NODAWAY COUNTY.

George T. Clardy, a prosperous young farmer of Nodaway county, says that in spite of the dry weather, corn will average 15 to 20 bushels better to the acre than a year ago. Mr. Clardy declares, however, that the drought has hurt the crop considerably, especially the late planted stand. Nodaway had a rain a week ago but much more moisture is needed.

Wheat averaged about normal, or twenty bushels to the acre. There is a good demand for it, Mr. Clardy says farmers having little trouble getting 70 to 75 bushels a bushel for their grain. The hay yield was about one-half normal.

Nodaway county will take on a large amount of live stock this year for breeding. Mr. Clardy says that the majority of farmers will give the stock dry feed, although many have silos and will feed silage.—St. Joseph Stock Yards Journal.

WORKERS ADVOCATE VOTES FOR WOMEN

UNITED EFFORT IS SURE TO RESULT IN VICTORY FOR SUFFRAGE MOVEMENT.

PETITION FILING IMPRESSIVE

Leaders Express Confidence in Fairness of Missouri Men and Have No Fear of Outcome—Vote "Yes" on No. 13.

The filing, at the office of the secretary of state at Jefferson City, of the initiative petitions to have the question of equal suffrage submitted to the voters of Missouri this fall in the form of an amendment to the state constitution, was an impressive one. After 50 women from all parts of the state had taken their seats, the governor remained standing at one end of the long room. Secretary Roach took his position near the table on which space was left to stack the petitions as they were handed him by representatives of the various districts.

After a very gracious speech in which Mr. Roach promised the ladies a fair and prompt counting, he called for the First district. Immediately Mrs. E. C. Shelton of Eldon walked over and placed upon the table a large package wrapped in white paper and tied with yellow ribbon. The secre-

Association.

tary explained that, according to law, he was bound to open each package and separate the amendment from the page bearing the lists of the affiants. An assistant presenting him a pair of shears, he did this. Then the petitions from the Second district were presented. Mr. Roach going through the same procedure. When Mrs. Harry Blair of Carthage had handed him the 2,000 petitions from his own district, with 500 to spare, Mr. Roach announced formally that he received the petitions into his keeping.

Then Mrs. Miller, state president of the association that had secured the petitions, stepped forward and made a short speech that will be long remembered by those who heard the note of emotion in her flexible voice.

"Your Excellency and Mr. Secretary," she said, "perchance you will remember that some 14 months ago a little band of women came knocking at the door of the legislative halls, asking that the women of Missouri be given a share in the political life of the state. The mea within the halls, the representatives of the people of the state, not understanding that this small group voiced the wishes of the majority of Missouri women, refused that request, and it was necessary for the women to prove in some other way that their demand was a true one.

"Fortunately for the women, Missouri is one of the small group of progressive states that has a new democratic law whereby the people themselves may initiate an amendment to the constitution whenever there seems a need for it, and with this law ready in their hands the way was clear.

"We come to you, Mr. Secretary, with the results of the work of months. These petitions were not secured by paid advertisers, but are the work—the loving work—of the women in every county but three in 12 congressional districts of the state. They were obtained by grandmothers of three score years and ten who hope that the last years of their lives may see them recognized as full citizens of the state. They were secured by the work of college girls who wish to use the education that their state has given them in service for that state. They come from young mothers who wish the power of the ballot to help them protect their little children. They come from ex-mothers whose children have gone from the nest, leaving mothers with fine experience and alas! too much leisure, which they wish to use for the children of other mothers. These petitions represent the work of our professional and business women, our artists and writers, and of the working girls who add so much to the economic wealth of Missouri for such pitiful returns.

They represent the women of both

city and country, of the small towns and the large, the rich and the poor—in fact, Mr. Secretary, they represent the women of Missouri. In their names we, their representatives, present to you these petitions.

"We think the women of Missouri have spoken! And we await with confidence the answer of our men in an overwhelming vote in November for amendment No. 13."

INJURIES CAUSE DEATH

William Farnan Died This Morning—After Lying Unconscious a Week—Funeral Arrangements Later.

William Farnan, the son of Mr. and Mrs. Mathew F. Farnan, who live near Clyde, died at 1:30 o'clock today from injuries received the evening of August 3, when he was thrown from the horse he was riding. No arrangements have been made for the funeral.

The young man was about 17 years old. On the day of the accident he mounted a pony and went after the cows. He failed to return at his usual time and after a search, was found lying unconscious in the pasture.

The Baby From the Farm.

The state fairs which are responsible for raising the standard of farm life and for standardizing stock, grain and farm products in general, have taken up a new line of work. They are improving a farm product that has been, in a way, sadly neglected—the farm baby. Incidentally, they are giving the town and city baby a helping hand and they are doing it all through what is known as a Better Babies' Contest.

The Missouri State Fair, Sedalia, will conduct a Better Babies' Contest during State Fair Week, September 26 to October 3. The Contest will be held in the beautiful Woman's building. The babies are entered like any other exhibit at an agricultural fair, but with this difference—they are not on exhibition all the time. They are examined by judges just as live stock, grain or apples are examined. The judges are physicians, and they test the baby by standards which have been set up by specialists in the care and feeding of children, who know just how much a baby should weigh and measure and what its general development should be at a given age.

Many readers of this paper can look back to the day when the fair started to standardize their farm products. The farmers who thought they were raising pretty good live stock and mighty fine grain, entered them in competition with what other farmers were raising. Sometimes they learned that they were raising prize winning products; again they found that their farm products were far below the standard set by the judges. And what did they do—these men who took second, third and last prizes? They went back to their farms, took better care of their live stock, raised better grain the next year, and they have been doing that ever since. The result has been a higher grade of live stock in their barns, higher grade of products in their fields and all because the state fair set the standards.

Now that is just what the state fair officials are doing when they offer prizes for better babies in the Better Babies' Contest. They are setting a standard for baby health and baby strength and baby development. They are notifying parents to bring along the babies from the farm, town and city, for comparison with these standards. They are giving prizes to the babies pronounced best by the judges and, best of all, when the babies do not come up to the standard and do not win a prize, the judges are telling the parents why, and how the baby can be made better for another year's fair, and for all its life. The result is found to be—not prettier babies—but better babies at each year's fair—a stronger, healthier race of people on the farm, in small towns and in the cities.

Send to the Secretary Missouri state fair, Sedalia, for particulars concerning the Better Babies' Contest.

GERMAN INFANTRY FORMATION IS WEAK

Obsolete and Ineffective Against Modern Weapons.

London, Aug. 11.—No great battle has yet been fought on land or sea in the war of seven nations, unless the German assault upon the fortresses at Liege eventually assumes the proportion of a battle in history.

Both combatants claim victory there, with the Belgians still holding the forts and the Germans occupying the city. The situation is a unique one. There is no confirmation of the Daily Mail's report that the French have engaged the Germans and cut off their retreat, inflicting a loss of 8,000 men. The Belgians claim that they have taken 8,000 prisoners on Belgian soil, but military men regard all the estimates of the belligerents as greatly exaggerated.

One of the most important developments in the eyes of experts is the general testimony that the German infantry formation is obsolete and ineffective against weapons of today and means enormous slaughter if retained.

The Austrians seem to have abandoned the advance on Serbia for a time, and apparently are co-operating with Germany in the supposed strategy of attempting to crush France before Russia can mobilize.

Financial conditions in England are returning to normal, although there is a great dislocation in many trades. The prices of foodstuffs have risen only slightly.

RUSSIANS GIVE UP POLAND

Natives Welcome Invading Germans, Kaiser's Envoy to Holland Says.

The Hague, Aug. 11.—The German minister to Holland issued a long statement, in which he said:

"The Russians have been driven back along the entire frontier of east Prussia, which is now entirely free from the enemy. The Germans have taken Czenstochow, Kalish, Vilnius, Kibart and other towns on the Russian frontier. The Russians have abandoned Russian Poland, and the Poles are hailing the Germans as deliverers.

"The German navy has suffered no reverses and is threatening the Russian seaboard."

To Make Search For Destitute.

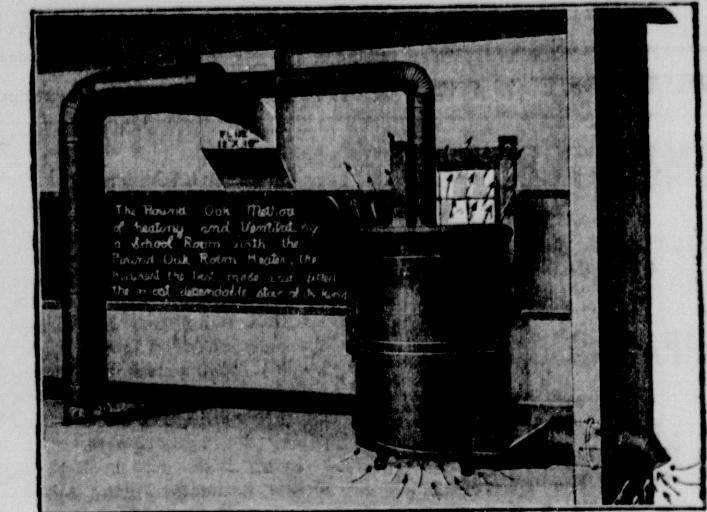

London, Aug. 11.—The finance committee of the American Citizens' committee has decided to spend most of the United States government's relief appropriation in helping Americans who are stranded on the continent. Agents of the Great Eastern and Southeastern railways are going to France and Belgium to search for destitute Americans. The transportation thus provided will be paid in London out of the relief funds. The immediate relief of Americans in Germany is impossible.

Americans Abroad Willing to Remain.

Washington, Aug. 11.—Americans in Europe have almost stopped clamoring to return home, according to reports to the state department from Ambassador Page at London. Many of those who first besieged the embassy with appeals for transportation now express willingness to remain indefinitely.

Prince of Liepae and Son Killed.

London, Aug. 11.—A Brussels dispatch to the Exchange Telegraph company says among the German losses in the assault at Liege were Prince William of Liepae and his son, who were killed.

THE one room that should be heated and ventilated the best—"The School Room" is in most cases the poorest. Then we wonder why under these conditions so many children have catarrh, and that most of the contagious diseases originate in the school room. You may say because of the children congregating there. Not necessarily so; ten miles out at sea germs cannot live, the air is so pure, and when breathed into the lungs produce health and vigor both in body and mind. These are conditions needed in the school room, and with uniform temperature in all parts of the room, and pure fresh air as produced by the ROUND OAK SYSTEM of school heating and ventilating, it becomes possible to have absolute sanitary conditions in the school room at all times, and the price is not prohibitory. Call and let us show you why this is true.

COOL WAVE COMING.

Thunder Showers Will Probably Usher in Relief From Heat Today.

A cool wave, moving from the northwest tonight, promised some relief from high temperatures prevailing through the middle west and the eastern states, says the weather dispatch from Washington. Preceded by thunder showers, the cooler weather should reach the valley states tonight, the weather bureau experts said, and extend to northern points along the Atlantic coast by late tomorrow night. The showers are expected to cause somewhat lower temperatures in the middle Atlantic states by today.

Exporters May Refuse to Send
Grain to Europe.

New York, Aug. 11.—Notwithstanding Belgium's and England's appeal for bread, American exporters may ship no more grain to either country for some time as the result of a lengthy meeting of the North American Grain Dealers' association. A committee of five, to be appointed by the association's president, was empowered to take "such measures as may be necessary to protect the interests of shippers in all matters affected by the present war."

Whether shipments of grain should continue on contracts made before the war was made the subject of a vigorous protest by the Liverpool Corn Trade association, which had received reports that further shipments on such contracts would not be made. Liverpool's representatives told the dealers that they had the assurance of bankers that exchange would be nearly normal within a week. If all American dealers should refuse to ship grain, they said, they would be working against the common good. Nevertheless many of the American dealers left that the unforeseen conditions warranted the cancellation of contracts made prior to the war.

Two urgent appeals by cable from the Belgian minister of war for American grain were transmitted to the Belgian association by the Belgian consul here. In the first dispatch the Belgian secretary of war requested the consul to notify the dealers that England assured safe passage of grain-laden vessels across the Atlantic and that payments for wheat were guaranteed by the Belgian government. The second cable, more imperative in its tone, read in part: "Do make energetic efforts to induce wheat exporters to execute contracts."

Fels-Naptha Soap gives you time for finishing up the odds and ends, and time

for rest and pleasure, too.

You can do more work, with less time and trouble, than you ever did before, if you do it the "Fels-Naptha Way," which is the easy, cool, fireless way. On wash-day you have no hard rubbing or boiling of clothes to get them clean, because with Fels-Naptha Soap you don't need hot water. It works best in cool or lukewarm water.

Grease dissolves, dirt and stains disappear, woodwork whitens, dishes shine, if you use Fels-Naptha Soap and follow directions.

SERVIANS INVADE AUSTRIA

Slav Armies March Into Dual Monarchy.

BELGRADE BOMBARDED

Big Guns Cause Heavy Damage to Private Property.

BIG BATTLE IS YET TO COME.

Pause In Fighting at Liege is Lull Before Storm.

WAR NEWS SUMMARIZED.

Wireless Messages Overheard at Sea Tell of Taking of North German-Lloyd Steamer by English Cruiser, but No Confirmation Received.

Diplomatic relations between France and Austria have been broken, and the ambassadors have left the capitals.

The French are advancing in Alsace, but against what opposition is not known. The Germans occupy the city of Liege, while the Belgian troops hold the forts. Strong forces guard all the approaches to Brussels. The Austrians before Servia are still bombarding Belgrade, while part of the Servian army is taking the offensive in Bosnia.

The North sea is again closed to the fishing fleets, which is regarded as significant in view of the fact that there are large British and German fleets in those waters.

Numerous skirmishes are reported along the Franco-German front, none, however, very serious.

The French troops are reported in Paris to have seized a German aeroplane factory at Mulhausen.

A lull in the fighting was announced from Brussels, which city expects that the next clash will occur when the allied forces have completed plans to take the offensive against the German troops.

Brussels reports the German cavalry retiring before the French advance. The German cruisers Goeben and Breslau have evaded their British and French pursuers and have arrived in the Adriatic. An Austrian fleet was reported proceeding from Pola to succor them.

Paris reports that Austrian troops have fallen back before the Servians on the Bosnian frontier.

Montenegrin artillery bombarded the Austrian fortifications at the port of Cattaro.

Austrian cruiser bombarded Antivari, Montenegro.

London, Aug. 11.—A dispatch from Nish says the Austrian bombardment of Belgrade has continued for the last four days.

The heavy guns caused severe damage to private property, but were less effective when the firing was from a great distance.

The Servian army is being rapidly organized and has begun to take the offensive by penetrating Bosnia near Priboi and Visegrad.

The Montenegrin forces occupied Spizza, Pachtroitz and Budua, on the Dalmatian coast, and also carried by assault the surrounding heights.

The German minister, before he left Servia, after receiving his passports, entrusted the care of German and Austrian subjects to the American consul.

The pause in the fighting around Liege appears to be the lull before the storm. There is little doubt that an engagement on a scale not yet witnessed in this war is imminent.

College Women Look After Teachers.

The London residents' committee paid out \$10,000 to tourists on orders from their home banks. In needy cases hotel bills were paid until transportation could be obtained.

A bogus steamship ticket agent has appeared on the scene. One victim paid \$400 for a counterfeit ticket. The various committees formed for the relief of Americans having found that they were being victimized, established a common headquarters, where a more thorough investigation can be made.

A society of college women has been formed by Mrs. Walter H. Page, Mrs. David Starr Jordan, Mrs. Herbert C. Hoover and Mrs. Sheppard for the purpose of watching over the interests of stranded American school teachers.

French Bullets Make Worst Wounds.

The French surgeons who have been caring for the wounded in the fighting in lower Alsace report that the French bullets appear to make more serious wounds than those of the German rifles.

WARSHIP CHASES BRITISH LINER

Minnetonka Reaches Neutrality Zone Ahead of Pursuer.

KRON PRINZ WILHELM CAUGHT

New York, Aug. 11.—While incoming ocean liners brought confirmation that foreign warships are crossing off the American Atlantic coast, strict censorship over the cable leading out of Bermuda perhaps kept hidden from public knowledge the fate of the North German-Lloyd steamer Kron Prinz Wilhelm, which took 6,000 tons of coal out of this port under cover of darkness last week before the battleship Florida began its enforcement of the neutrality laws.

The British cruiser Essex has captured the German liner and is taking it, a prize of war, into Hamilton, Bermuda, according to wireless messages declared to have been overheard at sea.

The port authorities put into effect the more rigid enforcement of the neutrality laws almost simultaneously with the arrival of the Atlantic transport liner Minnetonka, with a story that a warship, nationality not learned, had pursued it during the closing hours of its voyage to American waters. An embargo was placed on the wireless apparatus of every foreign ship in New York harbor. This step was taken after the authorities began to suspect foreign cruisers at sea might be communicating with ships of their nationality in port.

The chase of the Minnetonka ended only after the ship steamed into the three-mile neutrality zone in the vicinity of Nantucket.

The French are advancing in Alsace, but against what opposition is not known.

COMMITTEES MEET

THREE POLITICAL PARTIES CHOSE OFFICERS TODAY.

CAMPAIGNS DISCUSSED

John M. Dawson, John Sewell and W. R. Tilson Are Chairmen of the County Organizations.

The county committee of the Democratic, Republican and Progressive parties met this afternoon in Maryville for the purpose of organizing and discussing campaign plans.

The Democratic county committee met at the office of Cook, Cummins & Dawson. John M. Dawson was chosen chairman of the committee to succeed himself. Ellis G. Cook was selected as secretary to succeed W. G. Sawyers Democratic candidate for Prosecuting Attorney. John M. Murin was re-elected treasurer. Roy Hanna, who was elected as committeeman from Atchison township, resigned and the committee elected Howard Bancroft to succeed him.

There were ten members of the committee present at the beginning of the meeting and they were John Dawson, Polk; J. F. Robb, Hopkins; J. L. Hocker, Washington; P. L. Jones, Jackson; Roy Fitzsimmons, Jefferson; W. E. Johnston, Independence; Charles Talbot, Hughes; Amos Costello, Lincoln; E. O. Gray, Union and Howard Bancroft, Atchison.

The Progressive county committee met at the office of Fred P. Robinson. J. H. Sewell was elected as chairman of that committee; Fred P. Robinson as secretary, and Joseph Jackson, Sr., as treasurer. Of the five committeemen elected, four were in attendance at the meeting. They were John Sewell, Ed Wells of Jackson township, F. H. Badger of Grant, and C. R. Leeper, proxy for Dr. Morgan of Hughes. The other members of the committee will be supplied later on.

The Republican committee which met in the county court, elected W. R. Tilson, chairman, L. C. Gann, secretary and Arch Frank, treasurer.

GOOD ROADS DAYS.

What Highway Engineer Buffum Says Are The Things That Can Be Done to Advantage.

In a letter received from Frank W. Buffum, state highway commissioner, in regard to good roads days which are today and Wednesday in Nodaway county, he says the following are the things that can be done to advantage:

Widen roads to 40 feet setting back and rebuilding fences. Don't forget shovels, wire and wire stretchers.

Cutting all hedges to five feet or less in height and if possible pulling hedge, and positively at all corners pull hedge for 150 feet back from corner. It will prevent many dangerous accidents. Don't forget hedge-knives, axes, grubbing hoes, and chains if hedges are to be pulled.

Round all road corners, by having rebuilt the fence at a square corner by having new fence set in 10 feet back from the square corner and neatly rounded. Have two large corner brace posts cut, or forms for cement posts cut (reinforced with iron rods) and ready to be set, two at each corner.

Put in culverts (please see that they are not less than 20 feet long, as a matter of public safety).

Cut hills, and in doing so, be sure you have plenty of shovels, scrapers, plows, wagons at such points.

Have every road as far as possible clear of brush, undergrowth, and undesirable trees, and if grubbed out in place of simply cut off to ground, the work will not have to be done again year after year.

That all ditches be opened up so that water will not get to run down in center of roads, especially on the hills, as this is cause of very heavy expense in the state.

Have brush trees or any obstructions removed that prevent public of having full view of railroad crossings — sometimes these obstructions are down the right-of-way some distance from crossing on private or railroad property. If on railroad property notify the company.

Remember that every day's work done means not only the building of that much road but the starting of some work which may continue all fall.

Latest War News.

The Democrat-Forum is furnishing its readers with the latest news of the war. Today it begins the use of exclusive telegraph bulletins that give the latest developments in Europe. This service comes late in the afternoon, just before the Democrat-Forum goes to press, and gives news several hours ahead of any of the city papers.

On the inside and back pages of the Democrat-Forum are to be found more detailed accounts of the day's happenings. The news contained in them is just as late as any of the news in the city papers that reach Maryville the same afternoon, but with this advantage, it is the picked news of the more important movements, and the reader does not have to give his own time to searching through column after column for the things of real interest and moment.

EISEL TO BE A CATTLE KING.

Former Maryville Man Buys Large Tract of Land in Southern Missouri.

Phil Eisel of Kansas City, a former Maryville man, is making his plans to be a cattle king some day and as a starter has bought 640 acres of land in Taney county. The land is near the "Shepherd of the Hills" country, that section in Southern Missouri made known to every reader of Harold Bell Wright's story.

Mr. Eisel has recently been down there, looking over his ranch. He is fencing it and will put in a herd of goats to clear the underbrush and give the grass a chance and will then stock it with cattle.

Another streak of luck which came the way of the Eiseles, befell the eldest son, Lester, who shared in the distribution of the surplus money of the millionaire maker of Ford cars. Just before the new wage policy was announced, Lester was working for the Ford agency in Kansas City and thought he was doing well at \$65 per month. When the boost was made he was advanced to \$130.

PICK HANDLE USED IN FIGHT.

Malcolm Johnson and Dick Grooms of Guilford Have Trouble — Latter is Struck on Head.

Malcolm Johnson, of Guilford struck Dick Grooms, a fellow townsmen, on the head with a pick handle Sunday in a fight between the two and severely injured the latter.

Johnson and Grooms met at the Van Fossen Ivory barn Sunday morning, and, according to those present, both were still under the influence of liquor from the night before. Grooms is said to have started the quarrel, and Johnson, who is a railroad section boss, went to the section house and returned with a pick handle with which he struck Grooms over the head.

Grooms was knocked unconscious, but was able to be up and on the streets yesterday.

BUYS OUT ALBERT BINTER.

D. K. Seckington Will Remodel Restaurant and Open a Merchant's Cafe.

D. K. Seckington has bought out the restaurant business of Albert Binter and has already taken possession of the place on North Main street.

The place is now closed for the purpose of repairs, and after a complete remodeling and decorating will be opened by Mr. Seckington at the Merchants' Cafe. He expects to be able to open it in a week or ten days.

AGED NEGRESS DEAD.

Letha White, Former Slave Died Yesterday At County Farm.

Letha White, a negress about ninety years old, died yesterday at the county sanitarium. The body was interred in the county cemetery this morning. During slave days she belonged to the parents of B. F. Tarpley and Mrs. John Nunnelly and was brought here by them. Her husband and daughter died a number of years ago and since then her home was at the county farm.

Dr. G. A. Culverson of Greenfield, Ia., arrived in Maryville this morning summoned by the serious illness of his nephew, Charles Culverson.

FORTS HOLD OUT

GERMANS REPULSED WITH LOSS AT SEERAING NEAR LIEGE

HOLLAND IS NEUTRAL

Germans and Swiss Massed Within Few Yards of Each Other Along French Frontier.

(By American Press)

Brussels, via London, Aug. 11.—The Germans made a desperate attack on Fort Seeraing south of Liege Sunday night, but were repulsed with a heavy loss. It is estimated that 800 Germans were killed. The Germans have made fierce efforts to silence the forts nearest the city, but the defenders are gallantly holding out against the almost constant bombardment.

London dispatches from Brussels advise that it is rumored the Germans are massing a large force along the Dutch frontier. The Dutch minister says that no matter what happens, Holland will remain neutral.

The London Daily Mail has received reports from Switzerland that the Swiss and German troops have crossed to the frontier within a few yards of each other. The Germans have built barricades across the roads. The Swiss army is massed mainly on the French frontier, and a big battle is expected within a few days.

There is little doubt but that an engagement on a scale larger than any yet witnessed is imminent in Belgium.

Building New Home.

A. W. Hawkins has begun the erection of a new home on his property at the corner of Ninth and Walnut streets. The new home will be a nine room, thoroughly modern residence and built at a cost of \$4,000.

Mrs. Harry Lett and children of Pickering came to Maryville Monday evening to spend a few days with Mr. and Mrs. Dick McMahon, living southwest of the city.

LIST OF TENTS

THOSE WHO HAVE ORDERED CANVAS HOMES FOR CHAUTAUQUA

WORK STARTS TODAY

Materials Hauled to Grounds—Man Here to Begin Putting Up "Big Top" in the Morning.

Today the tent man from Kansas City who has handled the big auditorium tent for chautauquas the last few years arrived in the city and by this time tomorrow the canvas city in Normal Park will be well under construction.

The tents, which have been here several days, were hauled to the chautauqua grounds this afternoon, and the work of putting up the "big top" will begin the first thing in the morning.

The members of the chautauqua board are more than pleased with the large number of tents that have been rented for this year, for they say that the more people who stay on the grounds the better is the chautauqua spirit developed.

Manager P. O. Landon is still checking the advanced season ticket sales and says they have been very good.

The tent colony of the chautauqua promises to be unusually large. Fifty-five orders had been made up to last night. There are a great many individuals who will take their own tents to the grounds, and these with the renters of the regular chautauqua tents will make a larger crowd this year than at any other time.

The orders placed now are those of C. G. McMillen of Pickering, Goff Crawford, Miss Alice Orcutt, R. S. Branner, Edward Linnean, Miss Marie Brink and company, Miss Helen Helpley and company, R. H. Pierpoint, H. M. Lincoln, Pickering, Lee Atherton, Eugene Ogden, J. D. Ford, Donald Hagnis, George Baker, P. O. Landon, Chum Price, C. C. Hellmers, Miss Elizabeth Leet and company, J. F. Montgomery, U. S. Wright, W. C. Ellison, Bruce Montgomery and Emmett Scott, Mrs. R. P. Yeaman, Miss Besse Porter, Fred Lewis and John Mutz, Ed. Godsey.

George Fleming Hurt This Morning When He Pitched Down Entire Flight—Not Serious.

George Fleming escaped serious injury this morning when he fell headlong down the entire flight of stairs leading from his office to the street.

It is thought he caught his heel on the top step and was thrown because of that. A scalp wound was cut in the back of his head where is struck the iron step at the bottom, and Mr. Fleming was severely bruised but other than that he is not hurt and his condition is not serious.

Mr. Fleming was taken into Nusbaum's store and given first aid treatment, after which he was taken home and attended by a physician.

FORMER RESIDENT DEAD.

Mrs. George Fullerton Dies At St. Joseph This Morning.

Mrs. George Fullerton, a former resident of Skidmore, died this morning at 7:30 o'clock at the home of her daughter, Mrs. Fred Howden of St. Joseph. The body will be brought to the old home place at Skidmore tomorrow for burial.

Mrs. Fullerton had been sick for about six months, her illness beginning with a stroke of paralysis at that time. She leaves four sons, Roy, Oscar, Gus and Richard, living in Missouri, a daughter, Mrs. Edith Howden of St. Joseph, and one son living in Texas.

MRS. M. A. KEY DIED TODAY

Member of Well Known Family Dead Funeral Tomorrow.

Mrs. Mary A. Key, a member of one of the most widely known families in the county died at 5 o'clock this morning at her home ten miles south of the city.

The funeral services will be held at 2:30 o'clock tomorrow afternoon at the Salem church south of Maryville.

Mrs. Key was 89 years old and for nearly 47 years she had made her home continuously on the same farm.

She was born in Kentucky in 1844 and came to Nodaway in 1868. Mrs. Key is survived by five sons and three daughters. They are Albert E. Bell and James L. Key of this city, W. T. Key of Barnard, N. H. Key, R. L. Key, Mrs. Mary Hubberd, Mrs. Sue Williams, all living in Nodaway county and Miss Anna Key who lives at the home place.

Her husband died seven years ago this past February. Mrs. Key was one of the charter members of the Salem church, at which her funeral services will be held, helping in its organization in 1870.

DESERTS HIS FAMILY.

Walter Ellsworth of Quitman Arrested Today by Sheriff Wallace Because He would Not Support Them.

Walter Ellsworth of Quitman was arrested there this morning by Sheriff Wallace for deserting his wife and children without cause.

Mr. Ellsworth is a man about 35 years old and left his family six weeks ago. He did not leave Quitman, but refused to live with and support his wife and children.

MORE CORN THAN LAST YEAR.

George Clardy Predicts Increased Winter Feeding in Nodaway County

George T. Clardy, a prosperous young farmer of Nodaway county, says that in spite of the dry weather, corn will average 15 to 20 bushels better to the acre than a year ago.

Mr. Clardy declares, however, that the drought has hurt the crop considerably, especially the late planted stand. Nodaway had a rain a week ago but much more moisture is needed.

Wheat averaged about normal, or twenty bushels to the acre. There is a good demand for it, Mr. Clardy says farmers having little trouble getting 70 @ 75c a bushel for their grain. The hay yield was about one-half normal.

Nodaway county will take on a large amount of live stock this year for breeding. Mr. Clardy says that the majority of farmers will give the stock dry feed, although many have silos and will feed silage.—St. Joseph Stock Yards Journal.

**WORKERS ADVOCATE
'VOTES FOR WOMEN'**

UNITED EFFORT IS SURE TO RESULT IN VICTORY FOR SUFFRAGE MOVEMENT.

PETITION FILING IMPRESSIVE

Leaders Express Confidence in Fairness of Missouri Men and Have No Fear of Outcome—Vote "Yes" on No. 13.

The filing, at the office of the secretary of state at Jefferson City, of the initiative petitions to have the question of equal suffrage submitted to the voters of Missouri this fall in the form of an amendment to the state constitution, was an impressive one. After 50 women from all parts of the state had taken their seats, the governor remained standing at one end of the long room. Secretary Roach took his position near the table on which space was left to stack the petitions as they were handed him by representatives of the various districts.

After a very gracious speech in which Mr. Roach promised the ladies a fair and prompt counting, he called for the First district. Immediately Mrs. E. C. Shelton of Eldon walked over and placed upon the table a large package wrapped in white paper and tied with yellow ribbon. The secre-

Association.

tary explained that, according to law, he was bound to open each package and separate the amendment from the page bearing the lists of the affiants. An assistant presenting him a pair of shears, he did this. Then the petitions from the Second district were presented. Mr. Roach going through the same procedure. When Mrs. Harry Blair of Carthage had handed him the 2,000 petitions from his own district, with 500 to spare, Mr. Roach announced formally that he received the petitions into his keeping.

Then Mrs. Miller, state president of the association that had secured the petitions, stepped forward and made a short speech that will be long remembered by those who heard the note of emotion in her flexible voice. "Your Excellency and Mr. Secretary," she said, "perchance you will remember that some 18 months ago a little band of women came knocking at the door of the legislative halls, asking that the women of Missouri be given a share in the political life of the state. The men within the halls, the representatives of the people of the state, not understanding that this small group voiced the wishes of the majority of Missouri women, refused that request, and it was necessary for the women to prove in some other way that their demand was a true one."

"Fortunately for the women, Missouri is one of the small group of progressive states that has a new democratic law whereby the people themselves may initiate an amendment to the constitution whenever there seems a need for it, and with this law ready in their hands the way was clear."

"We come to you, Mr. Secretary, with the results of the work of mouths. These petitions were not secured by paid advertisers, but are the work—the loving work—of the women in every county but three in 12 congressional districts of the state. They were obtained by grandmothers of three score years and ten who hope that the last years of their lives may see them recognized as full citizens of the state. They were secured by the work of college girls who wish to use the education that their state has given them in service for that state. They come from young mothers who wish the power of the ballot to help them protect their little children. They come from ex-mothers whose children have gone from the nest, leaving mothers with ripe experience and alas! too much leisure, which they wish to use for the children of other mothers. These petitions represent the work of our professional and business women, our artists and writers, and of the working girls who add so much to the economic wealth of Missouri for such pitiful returns. They represent the women of both

city and country, of the small town and the large, the rich and the poor—in fact, Mr. Secretary, they represent the women of Missouri. In their names we, their representatives, present to you these petitions.

"We think the women of Missouri have spoken! And we await with confidence the answer of our men in an overwhelming vote in November for amendment No. 13."

INJURIES CAUSE DEATH

William Farnan Died This Morning—After Lying Unconscious a Week—Funeral Arrangements Later.

William Farnan, the son of Mr. and Mrs. Mathew F. Farnan, who live near Clyde, died at 1:30 o'clock today from injuries received the evening of August 3, when he was thrown from the horse he was riding. No arrangements have been made for the funeral.

The young man was about 17 years old. On the day of the accident he mounted a pony and went after the cows. He failed to return at his usual time and after a search, was found lying unconscious in the pasture.

The Baby From the Farm.

The state fairs which are responsible for raising the standard of farm life and for standardizing stock, grain and farm products in general, have taken up a new line of work. They are improving a farm product that has been, in a way, sadly neglected—the farm baby. Incidentally, they are giving the town and city baby a helping hand and they are doing it all through what is known as a Better Babies' Contest.

The Missouri State Fair, Sedalia, will conduct a Better Babies' Contest during State Fair Week, September 26 to October 3. The Contest will be held in the beautiful Woman's building. The babies are entered like any other exhibit at an agricultural fair, but with this difference—they are not on exhibition all the time. They are examined by judges just as live stock, grain or apples are examined. The judges are physicians, and they test the baby by standards which have been set up by specialists in the care and feeding of children, who know just how much a baby should weigh and measure and what its general development should be at a given age.

Many readers of this paper can look back to the day when the fair started to standardize their farm products. The farmers who thought they were raising pretty good live stock and mighty fine grain, entered them in competition with what other farmers were raising. Sometimes they learned that they were raising prize winning products; again they found that their farm products were far below the standard set by the judges. And what did they do?—these men who took second, third and last prizes. They went back to their farms, took better care of their live stock, raised better grain the next year, and they have been doing that ever since. The result has been a higher grade of live stock in their barns, higher grade of products in their fields and all because the state fair set the standards.

Now that is just what the state fair officials are doing when they offer prizes for better babies in the Better Babies' Contest. They are setting a standard for baby health and baby strength and baby development. They are notifying parents to bring along the babies from the farm, town and city, for comparison with these standards. They are giving prizes to the babies pronounced best by the judges and, best of all, when the babies do not come up to the standard and do not win a prize, the judges are telling the parents why, and how the baby can be made better for another year's fair, and for all its life. The result is found to be—not prettier babies—but better babies at each year's fair—stronger, healthier race of people on the farm, in small towns and in the cities.

Send to the Secretary Missouri state fair, Sedalia, for particulars concerning the Better Babies Contest.

GERMAN INFANTRY FORMATION IS WEAK

Obsolete and Ineffective Against Modern Weapons.

London, Aug. 11.—No great battle has yet been fought on land or sea in the war of seven nations, unless the German assault upon the fortresses at Liege eventually assumes the proportion of a battle in history.

Both combatants claim victory there, with the Belgians still holding the forts and the Germans occupying the city. The situation is a unique one. There is no confirmation of the Daily Mail's report that the French have engaged the Germans and cut off their retreat, inflicting a loss of 8,000 men. The Belgians claim that they have taken 8,000 prisoners on Belgian soil, but military men regard all the estimates of the belligerents as greatly exaggerated.

One of the most important developments in the eyes of experts is the general testimony that the German infantry formation is obsolete and ineffective against weapons of today and means enormous slaughter if retained.

The Austrians seem to have abandoned the advance on Servia for a time, and apparently are co-operating with Germany in the supposed strategy of attempting to crush France before Russia can mobilize.

Financial conditions in England are returning to normal, although there is a great dislocation in many trades. The prices of foodstuffs have risen only slightly.

RUSSIANS GIVE UP POLAND

Natives Welcome Invading Germans, Kaiser's Envoy to Holland Says.

The Hague, Aug. 11.—The German minister to Holland issued a long statement, in which he said:

"The Russians have been driven back along the entire frontier of east Prussia, which is now entirely free from the enemy. The Germans have taken Czenstochew, Kalish, Vilnius, Kibarty and other towns on the Russian frontier. The Russians have abandoned Russian Poland, and the Poles are hailing the Germans as deliverers.

"The German navy has suffered no reverses and is threatening the Russian seaboard."

To Make Search For Destitute.

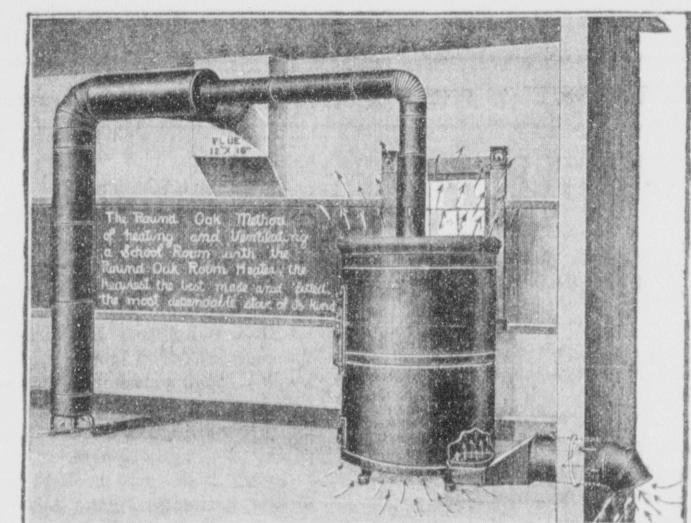

London, Aug. 11.—The finance committee of the American Citizens' committee has decided to spend most of the United States government's relief appropriation in helping Americans who are stranded on the continent. Agents of the Great Eastern and Southwestern railways are going to France and Belgium to search for destitute Americans. The transportation thus provided will be paid in London out of the relief funds. The immediate relief of Americans in Germany is impossible.

Americans Abroad Willing to Remain.

Washington, Aug. 11.—Americans in Europe have almost stopped claiming to return home, according to reports to the state department from Ambassador Page at London. Many of those who first besieged the embassy with appeals for transportation now express willingness to remain indefinitely.

Prince of Liepae and Son Killed.

London, Aug. 11.—A Brussels dispatch to the Exchange Telegraph company says among the German losses in the assault at Liege were Prince William of Liepae and his son, who were killed.

THE one room that should be heated and ventilated the best—"The School Room" is in most cases the poorest. Then we wonder why under these conditions so many children have catarrh, and that most of the contagious diseases originate in the school room. You may say because of the children congregating there. Not necessarily so; ten miles out at sea germs cannot live, the air is so pure, and when breathed into the lungs produce health and vigor both in body and mind. These are conditions needed in the school room, and with uniform temperature in all parts of the room, and pure fresh air as produced by the **ROUND OAK SYSTEM** of school heating and ventilating, it becomes possible to have absolute sanitary conditions in the school room at all times, and the price is not prohibitory. Call and let us show you why this is true.

COOL WAVE COMING.

Thunder Showers Will Probably Usher in Relief From Heat Today.

A cool wave, moving from the northwest tonight, promised some relief from high temperatures prevailing through the middle west and the eastern states, says the weather dispatch from Washington. Preceded by thunder showers, the cooler weather should reach the valley states tonight, the weather bureau experts said, and extend to northern points along the Atlantic coast by late tomorrow night. The showers are expected to cause somewhat lower temperatures in the middle Atlantic states today.

You can do more work, with less time and trouble, than you ever did before, if you do it the "Fels-Naptha Way," which is the easy, cool, fireless way. On wash-day you have no hard rubbing or boiling of clothes to get them clean, because with Fels-Naptha Soap you don't need hot water. It works best in cool or luke-warm water.

Grease dissolves, dirt and stains disappear, woodwork whitens, dishes shine, if you use Fels-Naptha Soap and follow directions.

**Anty Drudge Enjoys This Kind of a Call**

Mrs. Brisk—"Good morning, Anty Drudge. Just make yourself at home. I've nearly finished my work, and then I'll have time to talk to you while I darn Jim's socks. I want to finish before dinner, because this afternoon I have some friends coming to see me."

Anty Drudge—"How pretty your house is, and how clean and bright things look. I see you use Fels-Naptha Soap. You are a sensible woman."

Follow the directions on the Red and Green Wrapper.

Dinner Party At McMahon Home.
Mr. and Mrs. Dick McMahon, living three miles southwest of the city gave a dinner Sunday, their guests being Mr. and Mrs. Eugene Dowis, and J. W. Downing of Sheridan, Miss Evelyn Dixon, little Miss Bernice Swain and Charles Sexton, of Parnell.

Whether shipments of grain should continue on contracts made before the war was made the subject of a vigorous protest by the Liverpool Corn Trade association, which had received reports that further shipments on such contracts would not be made. Liverpool's representatives told the dealers that they had the assurance of bankers that exchange would be nearly normal within a week. If all American dealers should refuse to ship grain, they said, they would be working against the common good. Nevertheless many of the American dealers left that the unforeseen conditions warranted the cancellation of contracts made prior to the war.

Two urgent appeals by cable from the Belgian minister of war for American grain were transmitted to the association by the Belgian consul here. In the first dispatch the Belgian secretary of war requested the consul to notify the eaters that England assured safe passage of grain-laden vessels across the Atlantic and that payments for wheat were guaranteed by the Belgian government. The second cable, more imperative in its tone, read in part: "Do make energetic efforts to induce wheat exporters to execute contracts."

Dinner For Mr. Howell.

Mr. and Mrs. George B. Baker gave a dinner last night, entertaining in compliment to D. J. Howell of Cheyenne, Wyo., who is spending a few days in the city. SERVIANS INVADE AUSTRIA

Slav Armies March Into Dual Monarchy.

BELGRADE BOMBARDED

Big Guns Cause Heavy Damage to Private Property.

BIG BATTLE IS YET TO COME.

Pause In Fighting at Liege is Lull Before Storm.

WAR NEWS SUMMARIZED.

Wireless Messages Overheard at Sea Tell of Taking of North German-Lloyd Steamer by English Cruiser, but No Confirmation Received.

Diplomatic relations between France and Austria have been broken, and the ambassadors have left the capitals.

The French are advancing in Alsace, but against what opposition is not known. The Germans occupy the city of Liege, while the Belgian troops hold the forts. Strong forces guard all the approaches to Brussels. The Austrians before Servia are still bombarding Belgrade, while parts of the Servian army is taking the offensive in Bosnia.

The North sea is again closed to the fishing fleets, which is regarded as significant in view of the fact that there are large British and German fleets in those waters. Numerous skirmishes are reported along the Franco-German front, none, however, very serious.

The French troops are reported in Paris to have seized a German aeroplane factory at Mulhausen.

A lull in the fighting was announced from Brussels, which city expects that the next clash will occur when the allied forces have completed plans to take the offensive against the German troops.

Brussels reports the German cavalry retiring before the French advance.

The German cruisers Goeben and Breslau have evaded their British and French pursuers and have arrived in the Adriatic. An Austrian fleet was reported proceeding from Pula to succor them.

Paris reports that Austrian troops have fallen back before the Servians on the Bosnian frontier.

Montenegrin artillery bombarded the Austrian fortifications at the port of Cattaro.

Austrian cruiser bombarded Antivari, Montenegro.

London, Aug. 11.—A dispatch from Nish says the Austrian bombardment of Belgrade has continued for the last four days.

The heavy guns caused severe damage to private property, but were less effective when the firing was from a great distance.

The Servian army is being rapidly organized and has begun to take the offensive by penetrating Bosnia near Priboj and Visegrad.

The Montenegrin forces occupied Spizza, Pachrovitz and Budua, on the Dalmatian coast, and also carried by assault the surrounding heights.

The German minister, before he left Servia, after receiving his passports, entrusted the care of German and Austrian subjects to the American consul.

The pause in the fighting around Liege appears to be the lull before the storm. There is little doubt that an engagement on a scale not yet witnessed in this war is imminent.

College Women Look After Teachers.

The London residents' committee paid out \$10,000 to tourists on orders from their home banks. In needy cases hotel bills were paid until transportation could be obtained.

A bogus steamship ticket agent has appeared on the scene. One victim paid \$400 for a counterfeit ticket. The various committees formed for the relief of Americans having found that they were being victimized, established a common headquarters, where a more thorough investigation can be made.

A society of college women has been formed by Mrs. Walter H. Page, Mrs. David Starr Jordan, Mrs. Herbert C. Hoover and Mrs. Shepperd for the purpose of watching over the interests of stranded American school teachers.

French Bullets Make Worst Wounds.

The French surgeons who have been caring for the wounded in the fighting in lower Alsace report that the French bullets appear to make more serious wounds than those of the German rifles.

WARSHIP CHASES BRITISH LINER

Minnetonka Reaches Neutrality Zone Ahead of Pursuer.

KRON PRINZ WILHELM CAUGHT

New York, Aug. 11.—While incoming ocean liners brought confirmation that foreign warships are cruising off the American Atlantic coast, strict censorship over the cable leading out of Bermuda perhaps kept hidden from public knowledge the fate of the North German-Lloyd steamer Kron Prinz Wilhelm, which took 6,000 tons of coal out of this port under cover of darkness last week before the battleship Florida began its enforcement of the neutrality laws.

The British cruiser Essex has captured the German liner and is taking it, a prize of war, into Hamilton, Bermuda, according to wireless messages declared to have been overheard at sea.

The port authorities put into effect the more rigid enforcement of the neutrality laws almost simultaneously with the arrival of the Atlantic transport liner Minnetonka, with a story that a warship, nationality not learned, had pursued it during the closing hours of its voyage to American waters. An embargo was placed on the wireless apparatus of every foreign ship in New York harbor. This step was taken after the authorities began to suspect foreign cruisers at sea might be communicating with ships of their nationality in port.

The chase of the Minnetonka ended only after the ship steamed into the three-mile neutrality zone in the vicinity of Nantucket.

Speeds Through Fog.

The Minnetonka refused to disclose by wireless its identity to a warship, which asked it. With its portholes blanketed and electric wires to every stateroom cut, the Minnetonka sped through the fog, and a few hours later lost sight of its pursuer's searchlights.

Thousands of German and Austrian reservists remain stranded here, unable to find means of transportation homeward. The Holland-American Line steamship Rotterdam, said to have on board many Dutch reservists, expects to sail for Amsterdam. The Lamport and Holt Line announced resumption of service of its ships to Argentine ports, beginning Thursday.

ATTACKS CENSORSHIP

O'Connor Would Add Newspaper Men to Staff of Bureau.

London, Aug. 11.—T. P. O'Connor, the Irish Nationalist, in the house of commons again opened fire on the press censorship established by the British government.

He said that thousands of dollars spent by American newspapers had been wasted in consequence of the censorship and he suggested that educated newspaper men should be added to the staff of the censorship bureau.

The Rt. Hon. Charles Hobhouse, speaking in behalf of the British post-office authorities, disclaimed any responsibility for the censorship, over which, he said, the war office exercised full and sole control.

He said if there was any delay in forwarding messages after they had passed the censor he was ready to do what he could in the matter.

Japan Requisitions War Transports.

Tokyo, Aug. 11.—The Japanese government requisitioned several additional transports. The German fleet at Tsingtao has already seized the Russian steamer Huzan, carrying British subjects, has driven 100 merchantmen to the refuge of Japanese ports and has embarrassed the entire Japanese shipping in the Orient.

Nations Acknowledge Mediation Offer.

Washington, Aug. 11.—Secretary Bryan announced that he had received acknowledgement of President Wilson's tender of good offices from Austria-Hungary, France, Great Britain and Russia. Mr. Bryan declined to indicate the nature of any of the responses, but it was understood that they were simply acknowledgments.

New Home Rule Solution.

London, Aug. 11.—On moving the adjournment of the house of commons for a fortnight, Premier Asquith intimated he was hopeful that in the interval he might be able to make proposals regarding Irish home rule which would meet with something like general acquiescence in the solution of the question.

COLLEGE WOMEN LOOK AFTER TEACHERS.

The London residents' committee paid out \$10,000 to tourists on orders from their home banks. In needy cases hotel bills were paid until transportation could be obtained.
